Dear Parents

Human Swine Influenza

In keeping with the Government’s decision yesterday, we are closing the School early for summer with immediate effect.

Reluctantly and sadly, therefore, we will also be cancelling all end of term activities including Speech Day. Most primary schools are doing the same.

While experts seem not to agree on the seriousness of the present outbreak, what is clear is that the virus is very infectious and that the number of cases is likely to be considerably more than those reported. It would, therefore, be wrong and irresponsible of us to take any risk with our staff and students health. We hope you understand.

In the meantime, may I offer you my sincere prayers and best wishes for good health and the avoidance of infection.

The Reverend Ross Royden, Supervisor
